

## THE HUNT

At Vale Feitoso we have a large selection and density of animals over some 18500 acers which is broken down into 4 large fenced areas.

We will always aim to fore fill your hunt requirements but wild animals over such a vast area can be unpredictable in their movements and whereabouts. Wild boar will be shot from towers/ blinds during late evening or at night all other animals can be stalked or again taken from towers/ blinds during the day depending on your requirements.

**DEPOSIT** - We require a 25% deposit when you book hunt with remainder pay able 1 month before hunt . The deposit not refundable.

**WOUNDING** - Accidental wounding of non targeted animals will be charged at full price.

**LOST ANIMALS** - Our guides will make every effort to track and find lost animals but should they be lost they will be considered taken and will be charged at full price as well as a surcharge of €190 for the carcass.

**CULL ANIMALS** - Once you have harvested you target you species, cull animals will be available as part of your package but target species must be harvested first. Cull animals will include young Fallow bucks and does, young Red deer stags and hinds these will be selected by guide.

## WELCOME TO THE HERDADE DE VALE FEITOSO

18,500 acres of natural wild countryside.

The estate boasts a vast expanse of deciduous and coniferous forests, rolling scrubland, and dramatic mountainous cliffs.

Throughout these diverse landscapes, you will encounter many indigenous animal species native to the Iberian Peninsula. From large mammals such as mouflon, red deer, fallow deer, wild boar, and roe deer to majestic bird species like golden eagles, European black vultures, short-toed snake eagles, griffon vultures, and Egyptian vultures—among many others.

Vale Feitoso offers the opportunity to hunt in these areas of outstanding natural beauty, with both set and bespoke hunting packages available.
